ROBERTO'S DESCRIPTION OF HIS LIFE

My name is Roberto Siqueira and I live in San Diego, California. I haven't lived in San Diego all my life. I was born in Campinas in Brazil and my family moved to the United States when I was 9 years old. I have lived in the USA for twenty-two years and I'm now an American citizen. When we first came to the United States, my family lived in Los Angeles and I spent ten years at school there. When I was 19, I left Los Angeles and went to Berkeley near San Francisco. I studied information technology and got my masters in 1997. After I left the university, I started to work for Microsoft in Irvine. I worked there for 5 years and then left to start my own IT company in San Diego. I'm married and I met Lola, my wife, when I was at the university. We've been married for 5 years now and we have two young daughters, Daniela and Tammy. Daniela is 3 and Tammy is 18 months.
